Finding Aid No. 1971 / Instrument de recherche no 1971

Prepared in 1994 by Dale Cameron for the Public Archives Section and revised in 2000 by Danny Moore & Michel Guénette for the Economic and Governance Archives Section.

Préparé en 1994 par Dale Cameron pour la Section des archives publiques et révisé en l'an 2000 par Danny Moore & Michel Guénette pour la Section des archives sur l'économie et la gestion publique.

Note concerning the Chief Justice Dicksons's case files

First as puisne justice and then as Chief Justice of the Supreme Court of Canada, Brian Dickson created files, virtually all of which survive, for each case in which he was a member of the judges panel. In the following finding aid, the files in which the majority judgement was written by Dickson include the word Judgement in the Subject column. Where Dickson wrote the dissenting opinion and this is known, the file is indicated with the word Dissenting in the Subject column. Many of the case files reached a substantial size and these have been physically divided for conservation purposes. Their intellectual unity is maintained with the same file name and the numbering in brackets.

Where possible the Supreme Court Law Report reference is given for every case at the end of the title. The date column for the case files indicates the day on which judgement was pronounced. The majority of the case files, particularly the judgements or dissents written by Dickson, contain the judgement, memos between Dickson and his law clerk(s) or fellow justices, copies of lower court judgements which have been annotated or extracted from in the course of Dickson's deliberations, a photocopy of the envelope which originally contained the file noting the position of each member of the panel of justices hearing the case, and motions, briefs etc. submitted to the court.
